WHY?

Building disaster resilient communities is an all-inclusive task. When we cooperate together, we expedite recovery, alleviate suffering, empower survivors, and build a strong and resilient Southeast Texas.

HOW?

We provide a table for non-profit organizations, community volunteer groups & citizens, churches, businesses and government agencies to share knowledge and resources throughout the disaster cycle, to communicate timely disaster needs, coordinate resources, and collaborate on solutions to help disaster survivors across our region.

JOIN US

We want to be **prepared** and **trained** organizations and citizen volunteers ready to serve our community when a disaster happens. To learn about Southeast Texas VOAD and how to become involved, contact us and visit our website at setxvoad.org.
